RE: Notification of Groundwater Contamination
CSXT Radnor Yard, Nashville, Tennessee
NPDES Permit Number TN0064955

Dear Mr. Roehm:

This transmittal is provided to inform you of the discovery of petroleum based product floating atop groundwater, at the CSX Transportation, (CSXT) Radnor Yard facility. This notification is in accord with provisions of NPDES Permit Number TN0064955. The floating product was discovered at exploratory well 3S, during field activities related to an active groundwater trace study. The product layer measured about 0.4 feet thick.

As stipulated in the NPDES permit, CSXT is in the process of notifying affected property owners and utilities. A remediation plan for addressing the groundwater will be submitted to your attention within 30 days. If you have any questions or require additional information, please contact Clark Causey or Linda Phipps of Resource Consultants, Inc. at (615) 370-6260.

Sincerely,

Kenneth W. Richardson, Jr.
